

HISTOIRE D'UNE DISPARITION

and that was the end of the chase, dear viewers. perhaps instead our local superhero should take up work as a *superclown*!

grr! to think that i-er... paperinik came to stop that group of ne'er-do-wells!

for now, let's interview the poor miscreants

WHAT?!

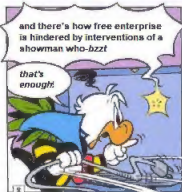

he successfully entered our hideout dressed as a pizza delivery guy!

grr! and he forgot the anchovies too!

and there's how free enterprise is hindered by interventions of a showman who-bzzt

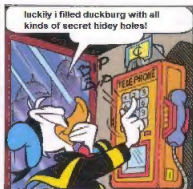

that's enough!

come on! not everyone is so unfair towards paperinik!

i know! grr! i just need to take a walk to calm my nerves

ingrates! the whole lot!

i spend nights when i could be sleeping patrolling the town and who cares?

no one! all they care about is me falling in bodies of water!

INVENTEUR À TOUTE HEURE

Géo Trouvetou

bah! i'm no superhero. i'm a superzero!

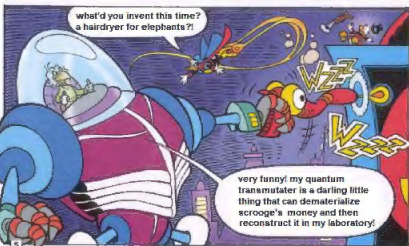

what if this is a sign to hang up the cape?

hmm... i'm sure being a hero must be tough, but maybe you could fight against someone new? someone's been attacking scrooge's money bin for like 15 minutes now.

good! i'll leave the big decisions for tomorrow!

BEEP BEEP

then I'll dematerialize your
dematerializer!

no! stop!
crossing the
flux can cause
a cataclysm
between two
dimensions!

huh? where's
emil eagle?

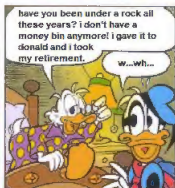

QUEST!

he's gone!
probably for the
best!

?

not a very glorious mission! bah! the
important thing is it ended smoothly!

all there is to do now
is head home...

paperinik!!!

you're finally back!

come see
our room,
paperinik!

we kept everything!
the action figures,
the comic books,

before you left, you
were our *idol*!

you're back to fight crime, right?!
you're not gonna disappear on us
again, are you?

you have all
this stuff?!

i have to figure
this all out...

but...

you don't need those figurines!
the real paperinik
will return soon!

?

it sounds totally absurd, but i have to check it out for myself!

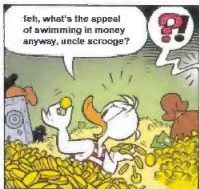

MUM...

quackmore!
my rebel!

feh, what's the appeal
of swimming in money
anyway, uncle scrooge?

it would relax him greatly before he
went to bed, mr.
duck

how is this
possible???

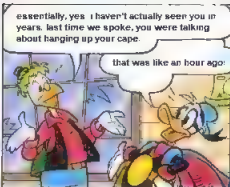

i am donald
duck!

but that guy there...
so is he!

that's right, a quantum explosion that happened during the encounter with emil eagle you told me about must have transported you here.

in our world, paperinik disappeared completely after that fight!

lemme guess: scrooge took his retirement after too?

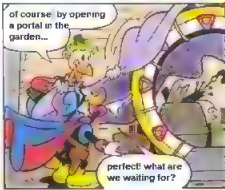

how did you know that?

forget about it! the important thing is that if you're just as genius as my gyro you'll know how to send me home

of course by opening a portal in the garden...

perfect! what are we waiting for?

let's not dally, the interdimensional portal doesn't last long and consumes a lot of energy! i don't know when i'll be able to try again.

bah, i only need a second to-

paperinik!!

EH?

we looked
everywhere
for you!

what are you
doing?

don't tell us
you were
going to leave
all over again

uh, well...
i...

anything but
that!

quick! i can't keep the portal open for very long!

VZZZZ

NOOOO!

gimme that

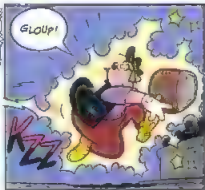

?

that man stole my transistor radio! and just when i was about to hear the conclusion of my favorite serial!

crrr
i must g
bz-zt- my
de-fzzt-

GLOUP!

do you like my hypnotic ray? good!
now hop away like a kangaroo!

thank you young man. thanks to you, i can
finally find out if marcy and bonnie get
married!

you see that?

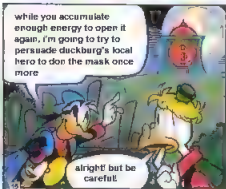

we're together aga-crrr my
swee-fzzt- bonnie-bzz-

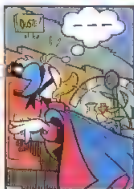

the city isn't
safe without
you!

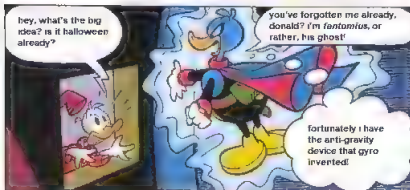

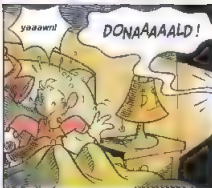

duckburg
needs it's
superhero!

you're
right...

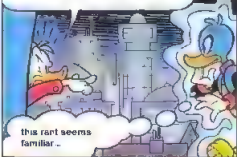

they never even acknowledged my existence unless i goofed up:

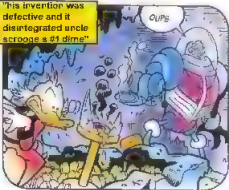

this rant seems familiar...

i wanted to stop then, but one day, emil eagle attacked the money bin.

"his invention was defective and it disintegrated uncle scrooge's #1 dime"

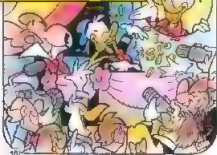

OWPS

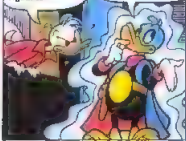

"for uncle scrooge, it was so terrible that he went into retirement"

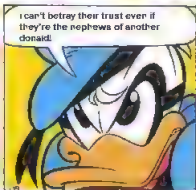

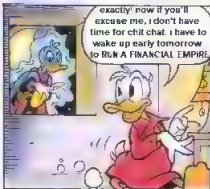

"and it was in that moment that i became the richest and most popular duck in the world!"

i'm finally truly appreciated and admired: why should i return to the hard-knock life of a masked vigilante?

yes, why indeed.

"and i think i know how..."

help! help me!

someone stole my necklace?

?

if only paperinik were still around...

i could do better than he could!

take this with this check, you could buy yourself the whole dang jewelry store!

sniffle t-thanks...

sensational! donald duck, richest duck in the world gives a generously enormous donation to a victim of a theft!

GUUPS!

phooey! what a repugnant display of wealth!

noice!

"yawn" yep, ever since
scrooge retired, a lot
has changed!

so, you couldn't successfully bring our
paperinik back into a life of
crime-fighting?

I may not
have been the most
qualified for the job:

if i don't want to be a superhero
anymore, how do i convince
someone else to
stick with it?

i don't know.
but by
tonight, i should
have enough
energy

...to return you home!

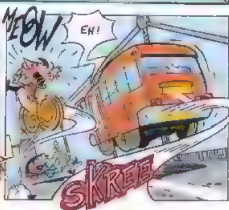

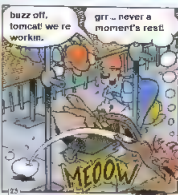

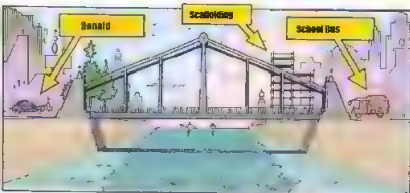

it's for the better! after
all, it's not my job to
resolve problems in
your dimension

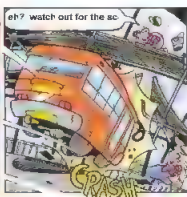

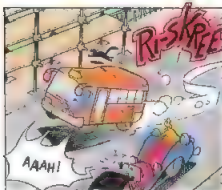

meanwhile...

here's your lunch
money, boys.

ten cents?

back in my day, with that, you
could buy a pound of hazelnut...
and still have enough to refill your
inkwell!

here's your costume,
good as new!

BZZZ!
BZZ!

what is it,
helper?!

oh no! hucy
dewey and louie
are in danger!

is precariously
balanced on the bridge.
any passengers who try
to exit the bus will fall
into the river

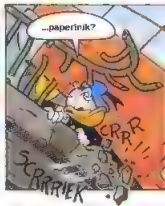

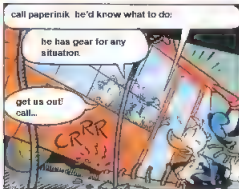

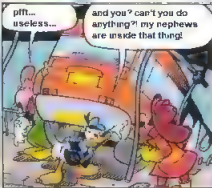

i have to save them.

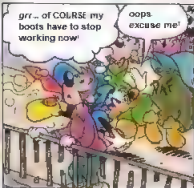

hub? i thought you said
that wasn't your job!

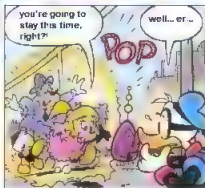

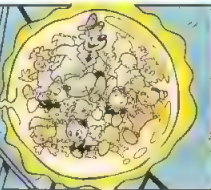

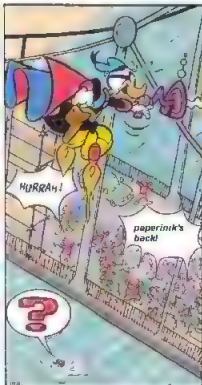

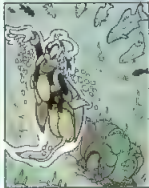

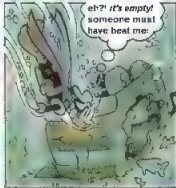

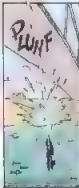

feh a superhero faces all
sorts of peril! even with
his bare hands if
necessary!

hold on,
quackmore!

GNNH.

of course he'll stay! he came back intentionally for us

and for that, he is our hero!

if i didn't, who'd protect duckburg from nasty villains?

awesome!

but i'll need your help!

of course! we'll take turns watching the city!

i'll learn kung fu! that way when a bandit shows his ugly face, i'll

no, no, i'm here for that!

at least until i take on a successor!

so that means...

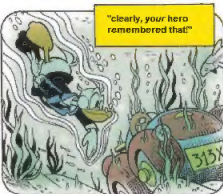

...that paperinik will be here to stay forever!!!

MURRAH!

soon after...

there you are - i saw that our superhero is back in service. how'd you get him to step in in time?

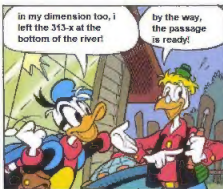

the 313-x was in the river!

"clearly, your hero remembered that!"

"and he put on his spare costume that he found in the glove box!"

in my dimension too, i left the 313-x at the bottom of the river!

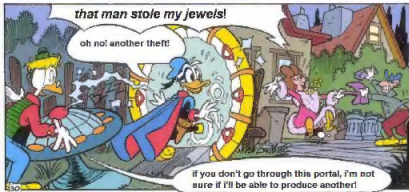

by the way, the passage is ready!

very well! this time i'll leave before-

gimme that!

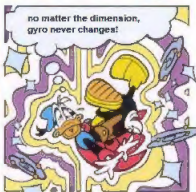

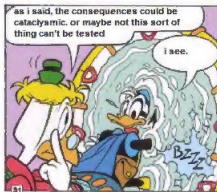

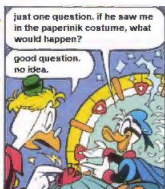

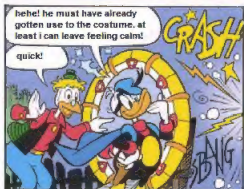

BZZ

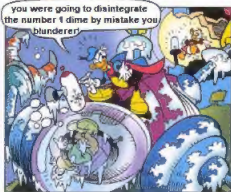

that man stole my jewels!

oh no! another theft!

if you don't go through this portal, i'm not sure if i'll be able to produce another!

i used to wonder what point was
of me watching over duckburg

i had to face a voyage to another
dimension to find out...

"that deep down, i
already knew the
answer."
